MEMORANDUM FOR: Director of Central Intelligence

THROUGH: Deputy Director for Intelligence 8

FROM: [REDACTED] STAT

Director, Office of Scientific and Weapons Research

SUBJECT: Points of Discussion at 16 April 1982 Luncheon
with Under Secretary of Commerce Lionel Olmer [REDACTED] STAT

1. Action. For your information only.

2. Background. We understand that at this Friday's (16 April) luncheon with the DCI, Under Secretary of Commerce Lionel Olmer will raise for discussion the possibility of expanding the coverage of the Foreign Applied Sciences Assessment Center (FASAC) [REDACTED] STAT

Presently, FASAC is supported primarily by DCI funds under your Production Enhancement Initiative Program and is focusing only on the Soviet Union. [REDACTED] STAT

3. Suggestion. To minimize the impact upon Agency funds, you might consider asking the Department of Commerce to provide supporting funds to FASAC. This approach would be consistent with our goal of broadening FASAC's financial support base to include other government agencies. [REDACTED] STAT

4. On another matter, Secretary Olmer may request that the DCI have CIA assess the foreign availability of items on the Military Critical Technologies List. Fulfilling this request could consume a very large amount of CIA's scarce analytical resources and may not be
